Cancer Society Gisborne East Coast

helps with free and confidential services to assist you during your cancer treatment pathway and beyond. They strive to reduce the incidence and impact of cancer in the Tairāwhiti community.

Cancer is too big an issue for any one of us to tackle alone, we are stronger when we work together. Cancer Society's health promotion and patient support services are delivered by skilled staff in collaboration with other health providers and supported by a strong team of volunteers.

Cancer Society helps in real and practical ways offering counselling, transport and patient support groups. They work in Tairāwhiti to address inequities in health outcomes by promoting a Smokefree and healthy community and take a lead in advocating SunSmart policy and practice.

Cancer Society Gisborne East Coast is solely funded by way of grants and donations from our community, which are used to support our people and their whanau with information, patient support, research and health promotion.

Any donation you make will be invested, protected and grown each year in line with inflation. The surplus investment income will be granted back to our local **Cancer Society Gisborne East Coast** every year, meaning your donation will keep supporting them forever.
